As to legal descriptions for combined lots, note that for platted lots designated by Lot and Block numbers, the legal description of a combined lot will not change, and a metes and bounds description will not be necessary. In those cases for which the Applicant may submit an affidavit in lieu of a deed, as further specified in the applicable Sections of the Subdivision Regulations, sample affidavits are available from the City Manager on request.

This Application will be considered officially submitted and filed only after it is examined by the City Manager and found to have met the applicable requirements of Nichols Hills Subdivision Regulations and those set out in this Application and after the applicable fee set out in the City Fee Schedule has been paid. At that time, the City Manager will determine whether to approve or disapprove this Application, or if required by the Code, the City Clerk will set the Application for hearing before the Nichols Hills Planning Commission and the Nichols Hills City Council. Applicant will be advised of the date and time for those hearings. It is highly recommended that applicant attend (or have a representative attend) the hearings and be prepared to answer questions.

CANDELARIA
DESIGN BUILD

We have met with Chris Candelaria and discussed the plans for the lot line adjustments on 6600, 6606 and the remaining lot west of 6606. We understand that he is applying with the City of Nichols Hills to keep the land as three lots and will be adjusting the lot lines to create three equal sized lots. We also understand that Chris Candelaria's lot line adjustment will bring all three lots in compliance with the City of Nichols Hills required 30,000sf of land space and 130 linear feet of frontage. Chris Candelaria is not seeking any other variance or special conditions other than a lot line adjustment.

CANDELARIA
DESIGN BUILD

We have met with Chris Candelaria and discussed the plans for the lot line adjustments on 6600, 6606 and the remaining lot west of 6606. We understand that he is applying with the City of Nichols Hills to keep the land as three lots and will be adjusting the lot lines to create three equal sized lots. We also understand that Chris Candelaria's lot line adjustment will bring all three lots in compliance with the City of Nichols Hills required 30,000sf of land space and 130 linear feet of frontage. Chris Candelaria is not seeking any other variance or special conditions other than a lot line adjustment.
